## HOOVER TALKS FEDERAL FARM BOARD

### RUSSO-CHINESE SITUATION IS MORE MENACING

#### PRODUCTION MUST BE MORE NEARLY ADJUSTED TO NEED

#### FIRST MEETING OF NEWLY CREATED BUREAU HELD IN WASHINGTON MONDAY

WASHINGTON, July 15. (AP)—President Hoover in addressing his newly organized farm board today declared "your fundamental purpose must be to determine the facts and to find solution to a multitude of agricultural problems, among them to more nearly adjust production to needs."

Outlining the scope of the farm problem, the president said he realized, and he hoped the farmers realized, that "all this cannot be accomplished by a magic wand, or an overnight action."

Mr. Hoover addressed his brief statement to the farm board as it convened for the first time in an effort to solve the farm problem which has held the attention of congress for a period of years.

The president said:

"I have no extended statement to make to the federal farm board as to its duties. The wide authority and the splendid resources placed at your disposal are well known. It is deeply impressed with the responsibilities which lie before you. Your fundamental purpose must be to determine the facts"

(Continued on Page 8)

#### SENATE PASSES SMALL LAND BILL WITHOUT TROUBLE

#### WOULD WITHDRAW STATE SCHOOL LAND FROM SALE IN SEPTEMBER

AUSTIN, July 15.—(AP)—Without opposition, the senate today passed the Small Bill withdrawing from sale or lease all lands owned by the state until the legislature at a future date may provide for a resurvey of the tracts.

Action on the measure was the aftermath of a message by Governor Moody last week, pointing out that vacancies had resulted from prior surveys of state-owned property and that the public school fund faced the prospect of losing millions of dollars unless the condition was relieved by legislative action.

If the house agrees with the bill, the approximately 1,500,000 acres of school land set for September 1 through failure of purchasers to pay interest will be blocked.

In its first session in January, the lawmakers without all lands owned by the University of Texas from the market.

Today's action affects asylum lands, river beds and both surveyed and unsurveyed school property.

#### Mud Hampering Rescue Bodies Drowned Blacks

FORT WORTH, July 15.—(AP)—Divers, hampered by five feet of mud on the bottom of Lake Worth today continued the attempt to recover the bodies of two negro construction company employees, O. E. Galloway and Will Jackson, imprisoned in 30 feet of water when the walls of a steel caisson used in building piers for a new bridge across the lake collapsed Sunday.

Three white men and another negro were injured when all except one were capsized into the huge caisson, are in an infirmary.

#### Man and Woman Charged Theft Valuable Goods

DALLAS, July 15.—(AP)—A man and a woman were held in jail here today in default of bond in connection with the theft of \$6,000 worth of merchandise from the La Mode Clothing company at San Angelo. Police reported \$2,500 worth of the stolen goods had been recovered. The couple denied complicity in the burglary.

#### ALMOST TURNED THE TRICK, BUT—

According to the police, Paul D. Schooler, hands before face, confessed at Annapolis, Md., to substituting for Henry Sherwin Rupp, left, of Long Beach, Cal., in examinations for U. S. Naval Academy. Rupp had passed the mental tests, but was found to be color blind and unable to pass the physical. He was allowed to be re-examined and at this time is said to have hired Schooler to take the exam for him. The shift was detected when Schooler could not answer some intimate family questions and their arraignment on charges of attempt to defraud the government followed.

#### LION OF THE CHAMPAGNE PLEADS FOR FRANCE BEFORE RAINBOW DIVISION VETERANS

BALTIMORE, July 15.—(AP)—General Henri Etienne Gouraud, "bearded lion of the Champagne," who commanded the fourth French army to which the 42nd (Rainbow) division was attached during the world war, last night entered a plea that France be given as much consideration as is given Germany in settlement of war debts contracted as a result of that war.

The famous one-armed general, military governor of Paris and permanent honorary president of the Rainbow Veterans Associations, issued the appeal in an address to the convention of the veterans at a banquet at which Paul Claudel, French ambassador to the United States and Governor Albert C. Ritchie of Maryland also were speakers.

"Our debt toward America is an enormous burden," the general said. "Even after it has been diminished in the Mellon-Sherman agreement, we have to pay out large sums for a long time. Nevertheless, we must ratify. France is an honest country and wishes to pay her debts. All we want, in the name of justice, is that, having been attacked and devastated, though victorious, that our friends should not ask payment from us more quickly than from Germany, who attacked and was defeated, and no part of her country destroyed."

Governor Ritchie, the first speaker of the evening, brought the veterans to their feet when he called on them to fight for "civil freedom, for constitutional liberty, to keep those rights we haven't yet lost and get back those we have."

#### Sunbeam Fails Get Away From Pilot Nichols

Giving the Sunbeam, fast train over the Southern Pacific between Dallas and Houston, an hour and five minutes' advantage, Pilot Harold J. Nichols took off from Love Field, Dallas, Sunday afternoon in the Traveler monoplane, "Miss Corsicana," and landed two passengers in Mexico in time to make connections there.

The two passengers were H. B. Miller and J. C. Oregon. Pilot Nichols had left the Corsicana airport about 11 o'clock for a pleasure trip to Dallas, and was pressed into service when the two men arrived at the Dallas port after they had missed their train almost an hour before. The plane passed the train at Wortham, and landed at Mexia with about five minutes for the men to make their connection. A service car was waiting at the field for the delayed travelers.

Pilot Nichols returned to the Corsicana airport shortly afterward.

#### Three Are Killed In Train Wrecks Near Milwaukee

MILWAUKEE, Wis., July 15.—(AP)—Three men were killed and several others seriously injured in two train wrecks in Wisconsin today.

Chicago, Milwaukee, St. Paul and Pacific equipment train was derailed near Tomah, crushing two trainmen to death when the engine toppled over. Two men were perhaps fatally injured and seven others badly hurt when a Chicago and Northwestern passenger train crashed through a wooden trestle and fell into a creek near Princeton.

The trainmen killed were Benjamin Schultz of Portage, Wis., and Benjamin Clark of Milwaukee, brakeman, and Eugene Curran, engineer.

#### RED TROOPS ARE ENTRAINING FOR BORDER DISTRICT

#### CHINESE ARE ALSO REPORTED MASSING ARMIES ALONG SIBERIAN BORDER

TOKYO, July 15. (AP)—The Japanese consul at Manchuli, western terminus of the Chinese Eastern Railway, today said in a telegram Japanese travelers arriving from Siberia said reported movements of red troops in trains was under way from Karmakaya Junction eastward to Chita and Manchuli.

A Rango news agency dispatch from Harbin said the Chinese Eastern headquarters had announced suspension of traffic across the border in the direction of Vladivostok. A passenger train leaving Harbin Sunday night was stopped by Chinese authorities at Pogranichnaya.

A Rango dispatch from Manchuli said large bodies of Chinese troops were moving toward the Siberian border. Advice of Moscow's ultimatum to Nanking and Mukden caused the utmost tension in the city among the Chinese officials. It was said troops were to be seen at every station.

#### NANKING, China, July 15.—(AP)—

Leaders of the Nationalist government today declared their government would resist the threatening attitude of Russia over seizure of the Chinese Eastern Railway in Manchuria, but was not perturbed. They were not in the least disturbed by Russia's ultimatum demanding a conference within three days.

#### Only Two Days to Heed Ultimatum

MOSCOW, July 15.—(AP)—The Chinese government, presumably, has today and tomorrow to comply with Russian demands for settlement within three days of the crisis presented by Chinese seizure of the Chinese Eastern Railway.

If the demands are not met, an ultimatum delivered to the Chinese charge d'affaires Saturday night said the Soviet Union will be compelled to resort "to other means in defense of the U. S. R's legal rights."

Moscow's ultimatum was written Saturday night, signed by L. M. Karakhan, vice commissar for foreign affairs and former ambassador to China, it was placed in the hand of M. Liao S. M. Liao, the Nanking government's charge.

After warning vaguely of retributive measures if China does not acquiesce in its terms the ultimatum continued with an offer of the

(Continued on Page 7)

#### CITY AND COUNTY OFFICERS ARE AT ODDS OVER RETURN OF NEGROES TO NEBRASKA TOWN

NORTH PLATTE, Neb., July 15.—(AP)—City and county officials were at odds today over the possible return of North Platte's negro population of 200, driven from the city Saturday by a mob of 5000 following the slaying of a veteran police officer by a negro he sought to arrest.

Chief of Police James Dorrans said the negroes would be protected when they came back to their homes.

"We will do our best to prevent violence," he said, "but it may not be possible."

County authorities looked on the situation in a different light. Sheriff J. J. Salisbury was quoted as saying "it was the understanding when they left that they were to stay away. The idea is to keep them out." he said. "The negroes in jail for a minor offense was released by the sheriff's office and ordered to leave town."

Treated with death by lynching, the negroes made a hasty exodus with or without belongings.

The mob formed soon after Seaman, negro police character, had shot and killed Ed Green, veteran patrolman and former acting chief of police. Trapped in the basement of his chicken hut, which was drenched with gasoline and then set on fire, Seaman committed suicide.

Governor Takes Stand.

LINCOLN, Neb., July 15.—(AP)—Negro residents of North Platte, ordered from their homes and out of the city Saturday after the slaying of a police officer, must be permitted to return and must be as-

#### Local Police in Search of Kerens Street and Number

"Say, send a policeman down to 182 South Second street; there's a man down here with a pistol running everybody away from the rooming house," was the way a call came into the night headquarters of the police department at 11:29 Sunday evening.

Night Captain Dave Seaton immediately declared there was no such number but "ran" the call out as a precaution.

When the telephone operator was questioned about the call, she settled the question promptly. "Well, I told you the call was from Kerens."

#### SENATE COMMITTEE CONSIDERS CERTAIN TARIFF FEATURES

#### ADMINISTRATIVE PROVISIONS OF HOUSE BILL CONSIDERED BY SENATORS

WASHINGTON, July 15.—(AP)—The senate finance committee turned its attention to the highly controversial administrative provisions of the house tariff bill today while the controversy between republicans and democrats over various aspects of the measure gained momentum in other quarters.

The administrative provisions embody the changes from the present law voted by the house to facilitate and expand presidential authority to alter rates under the flexible tariff clause. They are regarded as comparable to the sugar schedule as a potential source of prolonged controversy after the measure reaches the senate.

Two subjects which have aroused widespread discussion—the foreign protests against various rate increases and the proposed 10 per cent duty on boots and shoes—figured in today's addition to the measure.

The proposed boot and shoe duty described by the democratic national committee as "simply a subterfuge" for picking the farmer's pocket in a statement embodying an attack on the proposal by Representative Mansfield, democrat, Texas.

#### FOUR CENT GAS TAX BILL SIGNED BY MOODY MONDAY

AUSTIN, July 15.—(AP)—Although signed by Governor Dan Moody today, the four cent gasoline tax law will not become effective until midnight, the attorney general's department held.

The law also carried a 50 per cent reduction in the automobile registration fees, but this feature is not effective until next January.

The attorney general's department gave its opinion to Comptroller S. H. Terrell, whose department is charged with collection of the gas tax.

#### HIKE OF TWO CENTS PER GALLON IN GASOLINE GOES INTO EFFECT TUESDAY

AUSTIN, July 15.—(AP)—Texas' new four cent gasoline tax went into effect today when Governor Moody signed the measure increasing the tax two cents and reducing license fees on privately-owned automobiles 50 per cent.

The measure was sanctioned by the governor without comment.

More than 1,250,000 automobile owners will be affected by the increased tax, records of the state highway department disclosed.

Farm tractors, airplanes and motor boats will not be required to contribute to the building and maintenance of state highways through payment of the tax.

The registration cut will not become effective until 1930.

#### Oklahoman Faces Charge Murdering Texas Officer

ALTUS, Okla., July 15.—(AP)—S. B. Scroggins, Okla., farmer and former Jackson county deputy sheriff, was returned yesterday to Clarendon, Texas, to face a murder charge in connection with the death of John Slaughter, night watchman, about two years ago.

Scroggins waived extradition and was taken to Clarendon by Sheriff M. W. Mosley.

#### Ernest Cox Named On Veterans Committee

AUSTIN, July 15.—(AP)—Representative Ernest C. Cox of Corsicana and John A. Long of Lovelady were appointed today by Speaker W. S. Barron as members of the house to go with a joint legislative committee to Washington in an effort to induce the United States Veterans' Bureau to establish a general hospital for former service men in Texas.

Members of the senate on the committee are J. W. E. Beck of DeKalb, Walter Woodruff of Houston, and Tom Deberry of Bogata.

#### DROUGHT CONDITION OVER NORTHWEST IS CAUSE WHEAT FLURRY

#### ADVANCE OF NEARLY NINE CENTS PER BUSHEL RECORDED ON MARKET

CHICAGO, July 15. (AP)—A feverish orgy of buying lifted wheat prices nearly 9 cents a bushel on the Chicago Board of Trade today, and values at the close rested at the high mark of the day, a level 43 cents above prices six weeks ago. July contracts closed at \$1.377-8, September at \$1.421-4 to half and December at \$1.473-4 to \$1.481-8.

The rise almost precedent, resulted from the continuation of drought conditions over the northwest grainbelt. Dry weather has caused extensive damage to the spring wheat crop both in this country and Canada, and today's weather forecasts gave no hope for relief.

#### Canadian Market Up

WINNIPEG, Man., July 15.—(AP)—Wheat prices soared to new high marks for the season on the Winnipeg grain exchange today on reports of continued dry weather through the Canadian West and no rain forecast. July wheat shot up 6 3/4 cents to \$1.62; October 6 cents to \$1.54 and December 6 7/8 to \$1.51; higher prices at Liverpool were also responsible for the sudden rise here.

#### Advance Is Rapid

FORT WORTH, July 15.—(AP)—Hard wheat on the Fort Worth market was drawing bids of 1.33 to 1.39 at the close today as compared with 1.00 to 1.01 on June 1 this year.

Unprecedented demand was recorded.

#### SEVEN MEMBERS OF ONE FAMILY DROWN IN MISSOURI FLOOD

MOSELLE, Mo., July 15.—(AP)—Mrs. Marie Beckman, 28, her four children, ages 15 months to four years, her mother and her brother drowned in Pinnock creek, southeast of here yesterday when a five-foot wall of water from a cloudburst overturned an automobile and swept them to their deaths.

An eighth person was a victim of the storm at Desoto, Mo., twenty miles from here, when a truck was struck by lightning while playing ball.

The dead: MRS. MARIE BECKMAN, 28, of Walnut Park, St. Louis county.

(Continued on page 7.)

#### WESTERN HOP OVER OCEAN ENDS IN DISAPPOINTMENT AND TRAGEDY FOR FLYERS

LISBON, Portugal, July 15.—(AP)—An officially confirmed message from Horta published in this morning's press states that Major Ludwik Idzikowski was buried yesterday with all honors at three o'clock in the afternoon in the Graciosa cemetery. The population of the island attended the funeral.

NEW YORK, July 15.—(AP)—The Polish committee in New York received a cablegram today from Major Sasin: Kubala, one of the Polish Atlantic fliers who crashed in the Azores, saying Major Ludvig Idzikowski, his companion, was still alive; but investigation showed the cable was dispatched yesterday noon and that Major Idzikowski died shortly after that.

HORTA, Azores, July 15.—(AP)—The first trans-Atlantic air race has ended in tragedy and failure, with the pilot of the Polish craft dead, its navigator injured, and the plane destroyed. The French plane, its competitor, averted destruction only by turning tail and running before a "wall of wind" into which it tried in vain to head.

Major Ludwik Idzikowski was

#### Sue For Annulment

It is reported that annulment proceedings have been instituted by the parents of Natalie Guggenheim Gorman, above, 18-year-old bride, against her husband, Thomas Gorman, below, young real estate operator of Long Island. Shortly after their secret marriage, Natalie was spirited to Europe by her parents who have never given their approval to the marriage. Irreconcilable religious differences are said to have been the chief reason for the objections.

#### HOOPER TAKES Part in Reunion

BALTIMORE, July 15.—(AP)—President Hoover arrived by automobile from Washington about 1 o'clock today for the annual reunion of the division of the Rainbow (42nd) Division veterans. He was taken to the Maryland Club, where he was guest of the division at a luncheon. The reunion program reached its climax with a parade reviewed by the President later in the afternoon.

#### St. Louis Plane Is After Endurance Mark

ST. LOUIS, July 15.—(AP)—The Curtiss-Robin monoplane which started on a refueling test flight Saturday had been aloft 48 hours at 7:17 a. m., and the air-cooled motor was still running smoothly. The flight is to test the motor, and is not expected to develop into an attempt to break the refueling endurance record. The plane company which made the plane said.

The fliers, Dale Jackson, and Forest O'Brien, dropped a note today reporting they were comfortable and prepared to stay up as long as ordered.

#### BUILDINGS COLLAPSE IN MONTGOMERY WITH HEAVY LOSS OF LIFE

#### BELIEVED SCORES CLERKS PERISHED IN WRECKAGE OF BUILDINGS

MONTGOMERY, Ala., July 15. (AP)—Two of the city's oldest business buildings collapsed today, trapping an undetermined number under tons of masonry and timber. An hour after the walls of the three story structures which were occupied by the Bullock Shoe company and the Plitz department store had collapsed, the bodies of two unidentified negroes had been brought out. Rescuers could plainly see two white women under the mass of wreckage but could not determine if they were alive.

City officials would not hazard an opinion as to the cause of the collapse pending a thorough investigation. Adjoining the buildings was a deep excavation being made for a new structure and into which a portion of the wreckage slid. Several workmen were in the pit and were believed to have been trapped.

The Bullock Shoe company employed approximately 25 persons. The Plitz store, owned by J. J. Plitz of Birmingham, was believed to have employed well over a hundred men and women.

The Bullock Shoe company building, adjoining the excavation, was a deep excavation being made for a new structure and into which a portion of the wreckage slid. Several workmen were in the pit and were believed to have been trapped.

## THREE PRESBYTERY ORGANIZATIONS MET AT EUREKA CHURCH

The Women's Missionary Society, Young People's Presbyterian and the Sabbath schools of the Presbytery held their conventions the three consecutive days Tuesday, Wednesday and Thursday, last week. Every congregation in the Presbytery was represented in each convention and all were entertained by the Patterson Memorial Church at Eureka.

Mrs. C. E. McStravick presided over the women's meeting. Miss Hazel Patterson reported the meeting of the Women's General Missionary Society at Philadelphia, Pa., which she attended in June of this year, and Miss Sallie E. Dicksey, who spent nine years in the foreign field in India, gave a most inspiring address.

The young people's convention was featured in two events. A lawn social at the home of Jack Johnson, which was enjoyed for its games and refreshments, and at the church a memory work contest was held in which Miss Lorine Fulwood carried off the prize by giving a perfect recitation of Psalms 119, 67, 84 and 91. There were three cup contests and the Eureka youth won them all.

The Sabbath school convention set some goals for the coming year under the leadership of Rev. W. E. S. James of San Antonio. Nehemiah Higgins, state school superintendent for all the churches of Texas gave the evening address the thought of going after every one in the community.

REPORTER.

## NEGRO CHARGED IN ATTEMPTED THEFT OF 400 LBS. SUGAR

City Officer Griffin arrested a negro, Saturday on a charge of theft after the negro was alleged to have attempted to remove 400 pounds of sugar from the Collin Street Bakery. The case was later transferred to Deputy Constable Warnell.

Deputy Sheriff V. McMurray returned from Clarksville, Texas, Sunday with a negro wanted in Navarro county on an indictment for swindling. Charlie Williams, who was indicted by the recent grand jury, is alleged to have "dropped a pigeon" on a Corsicana negroess and made away with \$100. The offense occurred the latter part of April and officers have been seeking the culprit since that time.

A white man was picked up by city officers over the week-end and is wanted by Clarksville authorities.

## Farm Federation Asks Withdrawal Flexible Clause

WASHINGTON, July 15.—(P)—Withdrawal of the power given the president under the flexible clause of the tariff act to change import duties and establishment of a non-partisan tariff commission to act as the agent of congress were advocated today by the American Farm Bureau Federation.

Appearing before the senate finance committee at the opening of hearings on administrative provisions of the house tariff bill, Chester H. Gray, legislative representative of the federation said his organization favored setting up the tariff commission as a rate-making body similar to the interstate commerce commission instead of a fact-finding body alone with its decisions subject to review or repeal by congress.

## "Shorted" Motor Is Cause Heavy Loss

BILLINGS, Okla., July 15.—(P)—Fire which started from a "short" in an electric motor today destroyed a warehouse and two storage tanks of the Champlin Refining company here. Damage could not be estimated immediately.

Flames, shooting high into the air, burned for more than two hours, consuming 3,000 gallons of gasoline, 5,000 gallons of oil and 2,500 pounds of grease.

## PEACEFUL INDIANS ARE TREKING BACK TO RIVER HOMES

MEXICO CITY, July 15.—(P)—After nine years of exile from their homes along the Yaqui river in southern Sonora, the "Tobocoyolis" or "Friends of the Whites" are en route back to till the soil that belonged to their ancestors for many generations and from which they were ousted by their more warlike Yaqui neighbors in 1920.

They are traveling in a long caravan from "El Aguila" Hacienda near here, where they have made their homes during the period of exile. Men, women and children, numbering several hundred, are trudging over the rough trail, driving before them their few beasts of burden and other domestic animals.

Once back in their homeland, which has been restored to them by order of the government, they will make merry with the noisy "Apascolos" and "Matchines" for several days, singing in their native "canta" and celebrating with feasts of thanksgiving. Thereafter they will settle down to agriculture and cattle breeding.

The tribe, viewed with disrespect by neighboring tribes because of its peaceful inclinations, was driven from the banks of the Yaqui and Dilaan and ever since has been subjected to persecution when bands of "Guerreros" or warlike Indians came near its new home.

WALTON'S

## Be Fastidious About Building Your Home As Buying Clothes

When a man buys a suit of clothes he asks to see a quality of the woolen. He wants to know if the fabric will withstand the abuse of business wear. He likes to know the name of the manufacturer. When he buys an automobile he asks questions of a similar nature. The housewife is even more of an interrogative nature. She is usually a better shopper than the man and gets full value for every thing she buys.

But how about the selection of a home site and the construction of a new home? How many persons today really know what kind of lumber and building materials go into their home despite the fact that it is usually the realization of a life's dream.

The most important factor of any home is the lumber. It is the lumber which must withstand the wear and tear of exposure to the elements and the deterioration of the prospective home owner.

But in the construction of a home the owner has little or no contact with the lumber dealer. He does business with the contractor who submits his bid and if he is the lowest and most responsible bidder, he gets the job. He suggests the kind of lumber and other materials which are to go into the home and the prospective owner leaves the matter entirely in his hands.

Corsicana is rich in its contractors and home builders. Probably no city of its size in the world has men better versed in the building industry than our own city.

The dependable lumber dealer goes hand in hand with the dependable builder. He knows what dependability means and must meet the requirements and demands of the home builder. The home owner is the client of the contractor and the contractor in turn is the client of the lumber dealer.

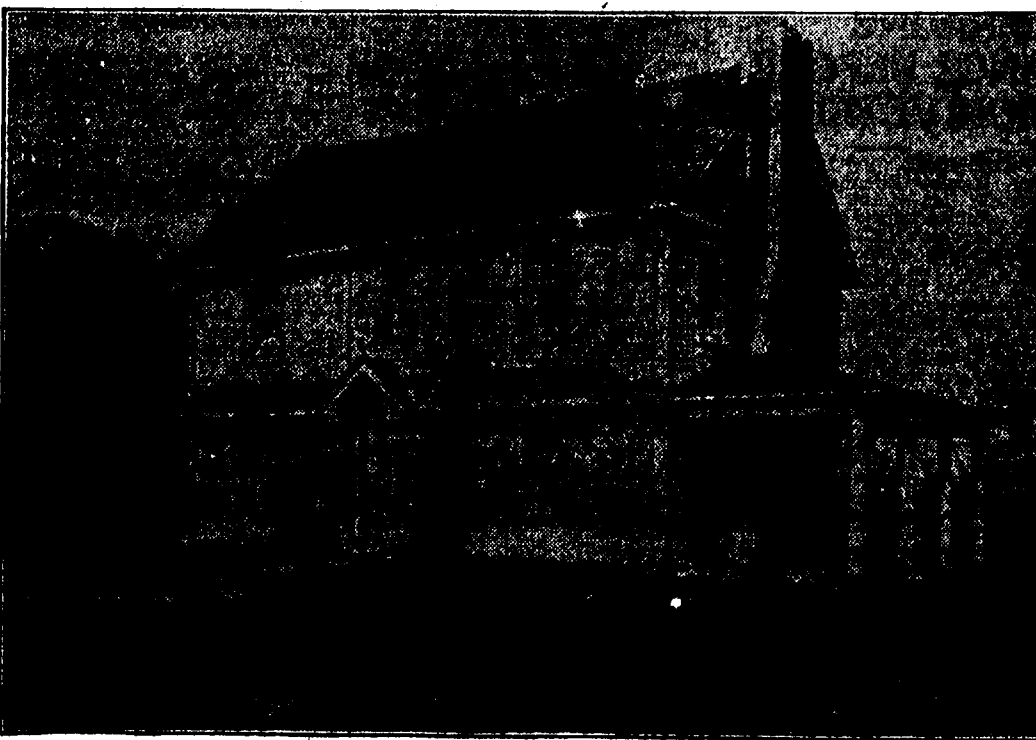

So in the selection of a dependable builder the home owner is assured dependable lumber.

The process of manufacturing lumber for use in home construction deals in more than the felling of trees, the hauling of logs to the saw mill to be cut into the boards and the subsequent mill work. It requires careful care and treatment in preparing it so that it will outlast the even more non-perishable commodities in the home.

The seasoning of lumber and the selection of proper kinds for the various duties to be performed has shown remarkable development during the last few years.

The Lyon-Gray Lumber company has kept step with progress and has embraced every known improvement of modern invention

## A Rugged House for a Spacious Lot

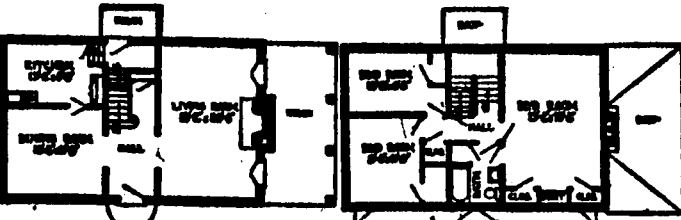

## FINE EXAMPLE OF COLONIAL DESIGN

That Colonial types of houses are well-suited to stucco exteriors is proved by the above house built at Norberth, Pennsylvania.

This home was built on a wide lot so that ample room could be given to the porch situated at the end.

The front entrance is typically Colonial, with its old-fashioned stoop and the ornamental fanlight and hood over the paneled door, which opens into the wide central hall. At one side is a large living room with double doors opening to a broad veranda, while

Repl. Albi & Cugat Architects, Philadelphia, Pennsylvania

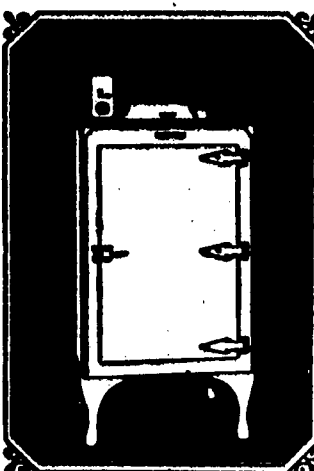

on the other are the dining room and kitchen.

On the second floor are three bedrooms. One is unusually large and airy, but both of the others, while smaller, have windows on two sides for cross-ventilation. Plenty of closet space is available, but should more storage space be necessary the roomy attic, reached

by a convenient flight of stairs, is available.

Built of concrete masonry, covered with an attractive texture of portland cement stucco and topped with an enduring roof of colored concrete tile, this Colonial home is one of which the owner can feel proud for many years to come.

cordial invitation is extended to visit our plant on East Seventh Ave for a tour of inspection. It will not only afford a broader vision of the lumber industry but

## TWO METHODIST CHURCHES WERE DEDICATED SUNDAY

BISHOP JOHN M. MOORE DELIVERED SERMONS AT OPENING KERENS AND DAWSON

Sunday was a great day for Methodism in the Corsicana district. Bishop John M. Moore came down from Dallas on the interurban and was met by the presiding elder, A. W. Hall. They, together with Mrs. Hall, drove through to Kerens where at 11 o'clock the bishop formally opened for public worship the beautiful, new brick church which is just being finished at that place.

The other churches of the city called in their services and the new church was packed to hear the bishop and to extend their expressions of good will to the Methodist people on the happy occasion. The church is not finished, but was completed to a point where the congregation could begin worshipping in it. It is the purpose to carry forward the work to completion later in the year. The building is beautiful, modern in all its equipment, and a thoroughly substantial building in every way.

**Delivers Great Sermon**  
Bishop Moore preached a truly great and timely sermon on the church, expounding in accord with the best ideals of the present day. The following are the statements: "Brethren, the church is of God, and will be preserved to the end of time for the promotion of his worship and the due administration of his word and ordinances, the edification of believers, and the conversion of the world." The sermon was heard to the edification of all who heard, and was received with many expressions of approval.

After a most excellent dinner with the pastor, Rev. J. U. McAfee, the group returned to Corsicana, where after a short rest, they went to Dawson. They were met at the new church by the pastor, the building committee and the official board. The church, which is complete even to a baby grand piano, was gone through and inspected from top to bottom. All agreed that it was most beautiful and complete in every detail.

**Crowd Greets Bishop.**  
After short talks by the pastor, the chairman of the building committee, the bishop and the presiding elder, we went to the pastorage where a splendid meal had been prepared. At eight o'clock the house was filled, the churches of the city having called in their services, and Bishop Moore preached a very appealing sermon from the text, "What will thou have me to do?" After stressing the peculiar circumstances and surrounding that Christianity was not merely a creed to be believed, but rather a life to be lived.

The greatness of Paul's life was determined by the response he gave to the question of the text. Our lives are to be gauged by the same standard. With handshakings and amid general rejoicing the services of the day closed and by 10:30 we were at the district parsonage in Corsicana, ready for a good night's rest. Bishop Moore left on the 6:15 S. P. for Dallas Monday morning, expressing himself as well pleased with what he had seen and heard. He certainly left behind him two very happy congregations who will treasure in their memories July 14th as one of the high ways in their church life.

Too much cannot be said in praise of the specially fine work of the pastors, Rev. J. U. McAfee of Kerens, and Rev. C. W. Vaddill of Dawson. In both cases very vital work had been done by preceding pastors. At Kerens, Rev. Paul W. Evans had taken down the old church building and had dug the basement and put in the

## NEW COMMERCIAL LIGHTING RATE ANNOUNCED MONDAY BY TEXAS POWER LIGHT CO.

A new commercial lighting rate, similar to the residential rate put into effect here a few months ago, has been announced by Ted B. Ferguson, district manager of the Texas Power and Light Company. This rate, like the new residential rate, has a flat charge based on the maximum demand for electric service and a meter rate with steps of 7c net a kilowatt hour and 5c net a kilowatt hour, but with an additional step which brings the cost of electric energy down to 3c net a kilowatt hour. The billing demand is based on the average maximum use of electric service. The minimum bill is the flat charge, but not less than \$1. The new rate becomes effective with the next bills received by commercial lighting customers, which includes hotels, recognized rooming and boarding houses, offices, warehouses, churches, lodges, schools, hospitals, shops and stores. With this change in form of the commercial lighting rate, the top step is reduced from 10c net a kilowatt hour and the second step from 7c net to 5c net a kilowatt hour. The third step remains 3c net a kilowatt hour. The new commercial rate is optional.

"The new rate recognizes the commercial lighting rate recognizes the trend toward a greater use of electricity in modern stores and business houses," Mr. Ferguson declared, and provides a scale whereby a customer may make a greater use of electricity with little increase in cost. Only a few months ago commercial lighting rates here were reduced and the new rate makes further savings possible in the use of electricity for commercial lighting.

Foundation. At Dawson, Rev. T. G. Story had secured the present building site and a part of the subscription for the present church. No just estimate of the work can be made without taking into consideration the vital work of these men. They are worthy of all praise.

**Ministers Do Good Work.**  
When Brothers McAfee and Vaddill came to their respective fields of labor both building programs were in an unfinished state. They both took vigorous hold of the work, rallied the people to the task before them and have carried to a glorious completion this fine building program.

We were absolutely unable to tell which congregation is most proud of its pastor and of the new church building. We were formally notified that neither one was for exchange.

The presiding elder dedicated one church last year, built under the leadership of Bro. Story; dedicated another church at Embouse, built under the leadership of Bro. J. W. Renfro, and will dedicate another at New Hope before conference that was built under the leadership of Bro. Renfro.

Many other things could be reported, but we forbear for the present. We give God the glory and take courage to pass on.

—Reporter.

## FIRST STATE BANK

CORSICANA, TEXAS

## LITTLE INTEREST MANIFESTED HERE IN STATE ELECTION

TWO IMPORTANT AMENDMENTS FACE PEOPLE OF STATE ON TUESDAY

Little interest has been shown in the approaching election Tuesday when the voters of Texas will pass on two amendments of the Texas Constitution, increasing the salary of the governor of Texas from \$4,000 to \$10,000 per year, and increasing the membership of the supreme court from the present three members to nine members.

At the present time, there are three members of the supreme court, but there are two commissions of three members each which pass on cases and add the supreme court and the proposed amendment will raise the two commissions to full membership in the court.

Corsicana and Navarro citizens have shown little if any interest in the election and it is expected that it will be a very light vote. One of the provisions in the proposed increasing of the supreme court membership is also to change the provision that the court must be in recess three months each year and make the court function continuously.

The polls will open at 8 o'clock Tuesday morning and will close Tuesday afternoon at 6 o'clock. The following are the voting places and presiding officials for holding of the election in the city of Corsicana:

Ward 1—Pickering Lumber company office on South Seventh St.; J. W. Wright, presiding judge; W. F. Morris, R. H. Mayo and E. W. Hightower, associate judges. Ward 2—Wm. B. Travis school house, West Thirteenth avenue, G. W. Weems, presiding judge; Jim

## Sisters Meet After Over Half Century

Mrs. Bettie Benson Quinn, Atlanta, Ga., is visiting her sister, Mrs. Carrie Freeman, on North Beaton street. Mrs. Quinn is 68 years old and this is the first time she has seen Mrs. Freeman since she was a baby. In fact, Mrs. Quinn was so small that she does not remember ever seeing Mrs. Freeman.

Mrs. Freeman, who is older than Mrs. Quinn, remembers distinctly the last time they were together and of their parting.

Pugh, Chas. Highnote, and W. C. Ralston, associate judges. Ward 3—Navarro county court house, George F. Miller, presiding judge; Mrs. Ed McGee, Mrs. Ab Easlam and Mrs. F. J. Lindsey. Ward 4—City hall, C. S. Wood, presiding judge; Dr. T. W. Watson, J. R. Webb and C. A. Davis, associate judges.

## PROMINENT BAZETTE RESIDENT DIED THERE SATURDAY, JUNE 22

Friends and relatives were grieved to learn of the death of J. H. Wheeler, who passed away on Saturday morning, June 22nd, at 8 o'clock, at his home in Bazette, near Kerens.

Mr. Wheeler was born in Missouri Dec. 25, 1856; came to Texas when a very small boy. He married Mrs. Katie Bryant Sanders in Dallas county Feb. 1, 1887. Mr. Wheeler joined the Methodist church when a young boy and had been an active member and best of Christian ever since. His influence always counted for the best. He was one of the noblest of men.

Funeral services were held at Bazette in the Methodist church with Rev. C. G. Shutt and Rev. Fisher officiating. Burial was in the Bazette cemetery.

He is survived by his dear wife and nine children, Mr. A. W. Wheeler of Oklahoma City, Mrs. O. J. Vanlandingham of Duncan, Oklahoma, D. J. Wheeler of Venus, Texas, G. M. Wheeler of Rice, Mrs. W. Munn, Mrs. T. M. Seely, Mrs. C. L. Beauchamp and C. G. Wheeler, all of Ennis, R. W. Wheeler of Dallas, one step-son, W. H. Sanders of Hillsboro. A son Jimmie C. Wheeler formerly of Ennis died five years ago. He also had 35 grandchildren.

Mr. Wheeler had one of the oldest family altars in the country. All of his children were raised up around it; some of them saved in it. He was a dear, kind father and grandfather, a devoted husband and true friend.

He was so patient; through his illness he would shout and sing. He sang several old songs while on his death bed. About the last one was "I'm Going Home," and the greatest consolation that we friends and loved ones have, is to know that he has gone home and is now at rest.

—Contributed.

## PIONEER RESIDENT OF NAVARRO COUNTY WAS BURIED MONDAY

M. F. (Uncle Bink) Elkins, 73, native of Tennessee, but resident of Navarro county 64 years, died at his home in the Emmett community, Sunday afternoon at 2 o'clock following a lingering illness. After the funeral was held Monday afternoon at 3 o'clock with burial in the Emmett cemetery. Prior to moving to the Emmett community many years ago, he resided in the Drane and Corsicana vicinity.

Surviving are his wife, five step-daughters, Mrs. James Paducah; Mrs. Annie Osborne, Mertens; Mrs. Georgia McAfee, Emmett; Mrs. Adie Hudman, San Marcos; Mrs. Dora Whitfield, Dallas; two brothers, John Elkins, Tennessee; and Lee Elkins, Embouse; and numerous other relatives.

## Bazette-Prairie Point Picnic Will Be Held Thursday, July 25th

The annual Bazette-Prairie Point picnic will be held Thursday, July 25th. The proceeds will go to keep the cemetery in good shape. Many people from over the county and over the state as well as interested in these cemeteries.

Come and see two of the best kept cemeteries you will find anywhere, get your dinner while you are here and let's have a good time together.

Respectfully,  
J. O. SESSIONS.

## ONE CARDINAL IS CREATED AT FIRST PAPAL CONSISTORY

VATICAN CITY, July 15.—(P)—Pope Pius held his first secret consistory of the year today in the consistory hall to the Vatican palace. One new cardinal was raised to the purple, Father Lefonso Schuster, abbot of the famous Basilica of St. Paul's, outside the walls.

His holiness indicated in brief remarks to the assembly of cardinals created at next December's consistory. Cardinal Schuster will receive his episcopal consecration next Sunday, at the hands of the Pope himself and will later be inducted as Archbishop of Milan.

No allocation was delivered, contrary to reports which have been current for some time there would be one dealing with settlement of the Roman question. The pope said:

"Certain events transpired with which we shall deal later on in the year."

This was taken to mean the pontiff would treat of the new relations with Italy and the Holy See in an encyclical before long.

## REVIVAL MEETING OPENED AT MAGNOLIA PARK SUNDAY EVE

Services at the beginning of the open air revival meeting at the corner of Thirtieth and Avenue Eighteenth street (Magnolia baseball park) Sunday night were well attended.

Kenneth Copeland, 17, known as the boy preacher, and his father, Rev. J. W. Copeland, have charge of the services which are held twice daily, the night services being held in the open air at the Magnolia baseball park and the day services at 10 a. m. in the Methodist Protestant church on the corner of Sixth avenue and Eighteenth street.

The subject of the subject Monday night (tonight) is "A Love Letter."

An invitation is extended to the general public to attend all of the services.

The ministers in charge of the meeting have held some unusually successful revivals in Wortham, Teague and other towns in that section of the country.

## CHARTER MEMBERS EPWORTH LEAGUE IN UNIQUE PROGRAM

Charter members of the Epworth league presented a unique program at the First Methodist church league, Sunday afternoon at 7 o'clock. Talks were made by W. F. McCammon, Mrs. Katie Woods Purifoy, and W. M. Huff. The subject of the program was "How to Use Time to the Best Advantage."

A quartet composed of Edgar Metcalf, Wiley Eudine, Mrs. Kathie Smith Woods, and Miss Ruth Huffman, sang one of the old hymns. They were accompanied by Mrs. Curtis Thomas. "One Sweetly Solemn Thought," was a solo, sung by Jack Haslam, accompanied by Mrs. Thomas.

W. M. Huff made an extemporaneous talk. After the program several new members were welcomed into the league, and Miss Tillie Frances Young made a short talk thanking those who were on the program.

## THREE PROMINENT CHICAGOANS CHARGED ASSAULT TO MURDER

CHICAGO, July 15.—(P)—Charges of assault to murder resulted today in the indictment of three young Chicagoans, one the son of a millionaire. The alleged assault was upon Kaspar G. Schmidt, son of the city comptroller, George K. Schmidt, and himself vice president of the Prudential State Savings Bank.

One of those indicted was John J. (Bud) Corcoran, whose father, the late John J. Corcoran, was the millionaire head of the Washington Construction company.

The trouble followed a collision between cars in which Corcoran and young Schmidt were riding. Schmidt's story to the state attorney was that he was beaten by the Corcoran party and left in the road for dead. A girl companion, he said, also was dragged from the car and beaten.

Secret indictments were returned, leading to the arrest of Cor-

coran, Ray Stenberg and Jack Watson, automobile dealers. Schmidt himself was sought today on charges brought by Corcoran, who blamed him for the assault.

# The Outstanding Facts of The Chevrolet Six

**Six-Cylinder Smoothness!**

Of all the delightful performance features of the Outstanding Chevrolet of Chevrolet History, none is creating more wide-spread approval among owners than its marvelous six-cylinder smoothness. At every speed up to wide open throttle, the power is delivered with that smooth even flow which distinguishes the truly fine automobile. You can ride and drive for hour after hour without the slightest sense of rumble or noise fatigue!

**32 per cent More Power**

The big six-cylinder valve-in-head Chevrolet motor is not only amazing quiet and smooth — but it provides a power increase of approximately 32 per cent over the previous Chevrolet engine. The steepest and longest hills are taken with power to spare. Response to the accelerator is swift and certain. And the highest speeds are delivered with unusual comfort and ease.

**Greater Speed and Acceleration!**

Due to a high-compression, non-detonating cylinder head; a new automatic acceleration pump and the great reserve power of its new six-cylinder valve-in-head motor — the acceleration of the new Chevrolet Six is remarkably fast — shooting you ahead at the traffic light smoothly and swiftly. And when the throttle is opened wide — the speed is higher than the most experienced driver would care to maintain.

**Economy: Better Than 20 Miles to the Gallon!**

As a result of its finer carburetion, new gear ratios and improved manifold — the new Chevrolet Six delivers better than 20 miles to the gallon of gasoline. Such economy would be unusual in any automobile. But in the new Chevrolet it is an outstanding achievement — for here it is combined with all the power, speed, smoothness and acceleration of a wonderful six-cylinder valve-in-head motor!

# HUTCHINSON HIT BY FLOOD WATERS SATURDAY MORNING

to action to protect lives and property. No loss of life had been reported this morning.

The waters from the Placerville stream ten feet wide, transformed into a raging torrent by recent rains, swept through the business district, forcing many motorists to halt. Merchants avoided heavy damage to their stocks by moving them from basements and low shelves.

The waters from the creek entered the city from the north, inundating the exclusive residential section in that part of the city and damaging many homes. The stream carried a large amount of debris from the west. A drainage canal in that section of the city also overflowed. A washout on the Missouri Pacific main line cut off railroads serving Salina, north of here, was confronted with a new menace when Dry creek broke over the Missouri Pacific tracks, threatening the city of the city flooding the residential section near the union station.

**SALINA, Kan., July 13. (UP)—**Flood waters of Dry creek broke over the Missouri Pacific tracks, threatening the city of the city flooding the residential section near the union station.

swapt into the business district of  
Sallina and inundated the entire  
northwestern quarter of the city,  
including the business wholesale  
and milling districts. The water  
ranged from a few inches to more  
than a foot deep in this part of  
the city. Hundreds of additional  
homes were surrounded by water  
during the night.

Shortly after 7 a. m., the creel  
was receding in the south part of  
Sallina.

The great of the Missouri Pacific  
railroad tracks in western Sallina  
where the flood first appeared Fri  
day, water was two and three feet

Mrs. A. W. Wortham, Editor  
L. W. Martin, Associate Editor  
Owners and Publishers of the  
Daily Sun and Semi-Weekly Light  
ASSOCIATE PUBLISHERS  
L. W. Martin, L. W. Martin  
Entered in the Corsicana postoffice as  
second class matter  
Rates in Navarro county and United  
States, both for renewal and new sub-  
scribers: In advance year, \$1.00; six  
months, 75c; three months, 50c; per  
copy, 10c.  
To those who want their paper changed  
from one address to another, please give  
old address as well as new. It will cost  
less delay and we can give much better  
service to our subscribers.  
CORSICANA, TEX., JULY 16, 1929

### NEED COUNTY FAIR.

At the recent quarterly meeting of the Navarro County Bankers Association Mr. R. I. Harris, Blooming Grove banker, related in an interesting manner his observations of dairy farming while on a visit to Michigan. The complete text of his address has been reproduced in this paper and no doubt was read by a great many people. Dairy farming is being agitated considerably in this county at the present and it is hoped that before many years have passed Navarro county will be one of the leading dairy counties in the state.

After going into detail concerning the operations of the dairy farmer in Michigan Mr. Harris closed with the following:

"One of the greatest needs for the advancement of diversified farming and breeding of pure bred livestock in Navarro county is a live county fair and it is to be hoped that we may soon awaken to the opportunities we are missing and the duty we owe to the agricultural and livestock interest of this county and start a movement to organize a permanent county fair."

In our opinion Mr. Harris scored a direct hit with this statement. Here is Navarro county, one of the richest counties in the state without a county fair. Such an annual event is one of the county's greatest needs. We have delayed too long in perfecting a county fair organization and the delay has been costly.

Not only will a county fair diversify farming but it creates keen and friendly competition in all lines of agricultural endeavor as well as bring the people of the community together in a closer relationship.

A county fair should be one of the major achievements sought by this community.

### NOT AN "INFANT INDUSTRY."

President Green, of the American Federation of Labor, in a letter to Congressmen Frear, of Washington, declared that the proposed increase in the duty on sugar, proposed by the new tariff bill, is "unjustifiable and indefensible. If adopted, it will levy an unfair tax on millions of workers to protect an industry hiring women and children and Mexican labor at indecent wages and under intolerable conditions of employment."

For this reason alone the proposed boost in the duty on sugar is objectionable, but President Green and his followers no doubt recall their experience in 1918, when the price of sugar was sent up to 28 or 30 cents a pound and the supply was doled out to the workingmen in one or two-pound bags. Sugar is one of the necessities that should require no greater protection than it is now receiving. Sugar making can no longer be regarded as an "infant industry" in this country.

### THE PORCH SWING.

In a beautiful spirit of happy progression Corsicana is a city of homes provided with porches, each of them equipped with a porch swing.

The porch swing is the perfection of all systems of transportation. On it one may travel There and Back in the least possible time and with the least expenditure of nervous energy. It is the one train you can't miss and that never fails to arrive on schedule.

Running continuously from early spring to late autumn, the porch swing carried Slim Purse to Vacation Land, poets to Dreamland and lovers to Matrimony. "Rah for the porch swing! It is one of America's greatest institutions."

### RACE DISTURBANCES.

Texas voting republican, the De Priest episode and several other happenings of the past few months have caused a flare-up of the race question, which is very unfortunate and to be regretted especially by the people of the South.

Recent race disturbances in Dallas over the enforcement of the Jim Crow law which resulted in a negro woman being fined \$25.00 and a street car conductor being severely slashed following an argument with a negro over the moving of a "color sign" caused William McCraw, criminal district attorney of Dallas, to make the following statement:

"It has come to my attention that negro newspapers, published in the North and circulated in Dallas, advocate social as well as political equality of the races," McCraw said. "I have seen copies of a newspaper called the Chicago Defender, which advises negroes to disregard the Jim Crow law. This means trouble to the negroes of Dallas—I would hate to see racial hatred flare, as racial trouble is very dangerous. The literature being sent to Dallas negroes by Northern publishers is responsible for the present threats of trouble. The Northern man does not understand the negro and advises him wrong—advises him in a way that gets him into trouble with the 'white folks,' then the man from Chicago runs, leaving the negro he had misled to take the blame. Southern men understand the nature of the negro far better than the average editor of a Northern newspaper which advocates direct action on the part of the negro. For example, the average Southern negro, when in trouble, seeks the advice of a Southern man, not a man from Chicago. That is the reason I maintain the negro and his problems are best understood by the Southern people."

These same papers referred to by Mr. McCraw are received in Corsicana and every other southern city for that matter and we are in complete accord with the Dallas county criminal attorney concerning the part these publications play in the agitation of the periodical race flare-ups. The Hoover vote in Texas and the De Priest White House are used by those agitating the race question to good advantage in the attempt to attain their objectives—race equality.

Of course we will never see race equality in the South but the continuous agitation of the question causes unpleasant situations to arise for both the whites and the blacks.

As Mr. McCraw points out the Southern white man is the best friend the negro ever had and the Southern white man will do more for the deserving negro than anyone. The Northern race equality agitator leads the Southern negro along until the negro is in a serious situation and then the Northern reformer quits his black brother cold.

The entire situation will be greatly relieved if the Democrats will go to the polls next year and by an avalanche of votes but this State firmly back in the Democratic column where it belongs.

### KNOW TEXAS.

Texas spent \$65,128,019 on public schools in 1928. Texas has 638 National and 734 State banks.

Texas has 8.8 per cent of the total land area of the United States.

From March to June Texas shipped 889,000 head of cattle to market.

What probably has the largest "potato patch" in the world was the 2,150 potato field of the Sugarland Industries at Sugarland. It produced 200 bushels to the acre this year and the crop was valued at half million dollars.

The St. Louis-Southwestern and the Trinity and Brazos Valley railways are making considerable improvements in their right-of-ways through Corsicana. They are spending large sums of money and when the improvements are completed the traveling public will benefit by improved and faster service.

### SALARY INADEQUATE.

"When Governor and Mrs. Moody announced their determination to live within the \$4,000 per year that the great State of Texas has hitherto considered sufficient pay for its highest official, it was Nation-wide news," a Dallas News editorial of recent date points out under the caption of "Not Allowed to Live in a Cottage." Continuing the editorial further discusses the problems faced by our young governor and his bride in stretching the \$4,000 to cover the family budget in the governor's mansion as follows: "It was a sporting event. Pretty nearly everybody knew it couldn't be done."

"If Texas would let them get out on the edge of Austin in a little suburban cottage with a cowlot and a place in the barn for the car and let the Governor vibrate back and forth to work in a thoroughly used runabout, they might do it. He would have to make old suits do another year and she would have to watch the laundry carefully and feed the chickens herself. The Governor would have to turn a deaf ear to the appeals for speeches afar—which involve expenses no traveling account voucher fully covers. And the First Lady would have to retire from her duties as hostess. By going easy on the collection plate and refusing altogether the thousand and one other appeals for executive "support" of worthy causes, the Moody household could budget down to \$4,000 a year and perhaps put a few dollars in the bank."

"But we don't let them do that. The Governor lives not in a modest home, but in a public institution, some of the expenses of which are met by the State, it is true, but incidental to which are scores of items which the Governor must cover from his own pocket. The mansion represents not a convenience to Governor and Mrs. Moody, but a burden maintained out of deference to the dignity of Texas. Perhaps the audacity of the Moody firm can break even on the \$4,000 salary. But the absence of reports in that quarter indicate that she has been disappointed in her ambition. If she has it is no wonder. Probably no Governor in this generation has been able to leave Austin without the serious impairment of his personal fortune."

"Texas ought to be ashamed of such a situation. It amounts to almost a bar sinister against the ambition of honest men of limited means who are competent to be good governors. It said that we have no lack of candidates. But nobody has ever claimed that Texas has had too high a grade of aspirants. A \$10,000 salary will not guarantee a \$10,000 man. But a \$4,000 salary is merely one more among many discouragements to genuine \$10,000 men to run for Governor of Texas. We are proud to pay the president of the United States a saving wage. Why can't Texas advance at least far enough to enable its Governor to meet his expenses out of his receipts?"

The voters of the Lone Star State will have the opportunity July 16, to remedy the present inadequacy of the Governor's salary. No business man would hire a \$4,000 a year man to be chief executive for his billion dollar business.

Two important constitutional amendments will be submitted to the voters July 16. One is to increase the governor's salary from \$4,000 to \$10,000. The second is to increase the number of supreme court judges which is greatly needed to speed up court decisions. Every amendment deserves to be carried.

Remodeling of the proportions of the currency has not helped us to any great extent. We seem to be firmly established in the one dollar denomination class. In fact the size of the old bills has never proven a burden to us.

We are not hard to please. Ten thousand of the old one dollar bills will be as thankfully received by us as one of the new \$10,000 bills.

## DECREASE IN USE COTTON SHOWN IN REPORT FOR JUNE

### RECORDS FOR 1928 ARE BETTER ACCORDING TO CENSUS BUREAU

WASHINGTON, July 13.—(AP)—Cotton consumed during June totaled 370,242 bales and 6,432,154 of linters compared with 688,229 of lint and 80,145 of linters in May this year and 610,399 of lint and 65,580 of linters in June last year, census bureau today announced.

Cotton on hand June 30 was held as follows: In consuming establishments 1,289,242 bales of lint and 20,432 of linters compared with 1,477,303 and 231,589 on May 31 this year and 1,160,888 and 182,344 on June 30 last year. In public storage and at Comptroller 1,375,723 bales of lint and 71,164 of linters compared with 1,837,688 and 78,488 on May 31 this year and 7,648,807 and 53,567 on June 30 last year.

Exports for June totaled 299,136 bales of lint and 9,811 of linters compared with 313,003 and 15,069 in May this year and 444,168 and 16,313 in June last year. Cotton spindles active during June numbered 30,625,122 compared with 30,910,252 in May this year and 28,627,556 in June last year.

### Corsicana-Richland Girls Candidates For Degree Denton School

DETON, July 13.—The largest summer graduating class in the history of C. I. A. will receive degrees at the close of session on August 27.

Out of 86 applicants, 65 have received 30 bachelors of arts, and one bachelor of music. The total number of degrees conferred during the year will be 238.

The following have applied for degrees: Anson, Vernon Rosser; Albany, Dorothy McKelvey; Annapolis, Mo., Gladys Morris; Austin, Esther Dorn; Bangs, Oletta Read; Bastrop, Helena Miller; Beaumont, Anne Fuller; Big Spring, Gladys Hawk; Bowie, Mrs. Lulu B. Lee; Cameron, Mary Ellen Jeter; Corsicana, Helene Faye Bonner; Crystal City, Natalie Forsythe Morgan; Dallas, Mrs. Lou Sprague; Dallas, Evelyn White; Dalhart, Ruth McCleskey; Dallas, Mrs. Catherine Roe Hickman; Aline Jones, Ellen Marshall, Corin Humphries, Bertha Elizabeth Smith.

Lucille Redden Duke, Artie A. Coley; Denton, Mrs. C. D. Judd; Henrietta, Laughlin, Alice Mathews; Frances Lou Neale; Gena Orr; Margorie Reese; Lucy Lee Alkins; Elgin, Beck; Gladys Blankspring; Marion Cadell; Lillian Craig; Ruby Lucille Douglas; Kennedy Evans; Lucille Fletcher; Mrs. Pauline Greening; Leta Left; Katherine Lucille Spear; Frances Sullivan; Gladys Taliaferro; Monia Maurine Wilcox; Tibbitt, Julia Bond Ashford; Edgewood, Jessie Lucille Hall.

El Paso, Ann Hawley; Farmersville, Mrs. Maudie W. Jones; Fort Worth, Edith Thorne; Galveston, Vivian Keener; Garrison, Louise McNair; Harlingen, Annie Hooney Hill; Haskell, Ruth Roth; Houston, Joseph E. Beck; Cedar Rapids, Hemphill, Nina; Houston, Jack Gentry, Mrs. Ida Jesse Rush, Bertha Bailey Reardon; Karnes City, Kathleen Calveert; Krum, Mrs. Merle Simpson; Travis, Leta; Lamar, Clara; Lake Dallas, La Verne Sweetman; Lindale, Miriam Smith; Los Angeles, Cal, Elberta Gamble; Margaret, Frances Annie; Marlin, Catherine Baum.

Maryville, Alice Ludeman; McKinney, Marcella Mallow; Mineola, Mrs. Charm Kitchen Reith; Navasota, Ruth Driscoll; Paris, Virginia Gervers; Pecosburg, Frances Wilcox; Port Lavaca, Clara; Richland, Electra Brown; Rotan, Will Maude Robinson; Rockwall, Lena Walker; Roscoe, Miriam Cuthings; San Antonio, Ameris Catherine Seymour; Anna Lee, Wilma Sherman; Clara Stubbs; Smithville, Charline Tansey; Sonora, Rena Uzzie; Waco, Jessie Mae Johnson; Waller, Annie Mae Aught; Waxahachie, Hermione Hamitt; Weatherford, Kittie Mae Witherspoon.

### Cooksey Attends Pecan Growers Meet

Robert Cooksey, who returned late Friday afternoon from the 3-day sessions of the Texas Pecan Growers association held in Tyler, July 8 to 11, stated that the convention contained many interesting features including lectures by J. M. Patterson, lieutenant governor of Georgia and owner of the largest pecan grove in the world, who spoke on the possibility of Texas being the greatest pecan producing center of the world and other men prominent in pecan growing enterprises.

In addition to the lectures, the one-hundred and eighty members were taken on a tour of inspection of large pecan groves in and around Tyler.

Mr. Cooksey states that there is no reason why Navarro county cannot become the pecan producing centers of Texas, with methods now used in caring for the trees and the fact that the pecan is a native tree of this section.

Streetman Nine Has Good Season Record

MEXIA, July 13.—(Sp.)—Streetman's baseball team in the El-Stone Empire Baseball league appears unbeatable in six games of the schedule already played Streetman has not lost a game.

Saturday Groesbeck played the Mexia Millers in Mexia, and Sunday there will be a double bill at the Mexia municipal park. Streetman meeting the Brownies and Fairfield the Millers. Tehuacana plays at Groesbeck.

## Cloudburst Took Heavy Toll Lives In Persian City

TEREBEN, Persia, July 13.—(AP)—At least 375 persons were killed and several villages wiped out in floods at Tabriz on Thursday undetermined to have been caused by a cloudburst.

Inasmuch as the number of dead reported represented the number of bodies recovered there were fears the loss might be greater. Roads were destroyed, and it was stated 2,000 houses collapsed, with others still falling. Crops were seriously damaged.

Tabriz, next to Teheran, is the largest city in Persia, and has a population of about 150,000. Tabriz was once much more populous, but has had a long history of misfortune, including earthquakes. At one time it was a flourishing trading point between Persia, India, the Russian and Turkish dominions but lost much business when the Caspian sea became a great highway of commerce.

### COUPLE SECURED FOR BIG AERIAL WEDDING PARTY

All plans have been completed for the aerial wedding to be staged as one of the features of the regular luncheon-meeting of the Corsicana Rotary club next Wednesday noon with the securing of a couple Saturday morning, according to an announcement by Sam Dalches, one of the members of the committee in charge.

Chas. G. Jester, chairman, is out of the city and the details were worked out Saturday morning by Mr. Dalches.

The name of the couple to be wedded in the air is withheld upon request.

The ceremony will be staged either at the Corsicana Municipal Airport or in the airplane, "Miss Corsicana," above the airport about 11:30 o'clock Wednesday morning. A minister to officiate at the ceremony had not been secured Saturday morning.

The newlyweds will be honor guests at the regular luncheon-meeting of the club at 12:15. The groom was given Saturday morning by Dr. T. P. McLendon, Rotarian, and the club will pay for the marriage license. The notice of "intention to marry" was filed in the county clerk's office Saturday morning and the time limit will not expire until Wednesday morning.

W. T. McElwee, one of the proprietors of the Collin Street Bakery, will present the wedding cake and Sam Dalches will furnish the wedding ring. The other members of the club will give perhaps to the couple.

The program next week will be in charge of Charles G. Jester, chairman; Sam Dalches and Joe E. Fortson.

The couple to wed live outside of the city of Corsicana.

### Thurman Evans Goes To National Contest Latter Part Month

Thurman Evans, Texas representative in the national Edison scholarship, leaves Tuesday, July 28, for East Orange, New Jersey, where the contest will be held in the Edison Laboratories on August 2. The Lone Star representative was in receipt of a round trip ticket to East Orange Saturday, sent to all state winners by Thomas A. Edison, who pays all expenses of the trip.

In addition to the trip, each state winner will be presented with a handsome Edison radio set as an award for their efforts.

During the next few days young Evans expects to spend considerable time in preparation for the final test, the winner of which will be given a four years' technical course in a leading university in an effort to find some one capable of carrying on the work of the "Wizard of Menlo Park." The man goes to the final test with the best wishes of Corsicana, and all Texas, and hopes that he be selected as the boy to carry on the work of Thomas A. Edison.

### Second Negro Fair To Be Held at Mexia

MEXIA, July 13.—(Sp.)—The second annual Limestone County Negro fair will be held October 9 to 12 in the newly purchased negro fairgrounds on the west edge of Mexia, according to S. M. Merritt, negro county agent, a leading promoter of the fair. W. S. David has been elected president of the fair association.

Leaders of this fair, believed to be the only one of its kind in Texas, hope to make it a state fair for negro farmers and stockmen. A large number of attractions are being planned.

Pipe and Fittings  
All sizes, black and galvanized.  
Prices right.  
OIL CITY IRON WORKS.

## INCREASED VALUE WHEAT IS MILLIONS TO TEXAS FARMERS

FORT WORTH, July 13.—(AP)—Increase of 30c per bushel in the value of Texas wheat, basis carloads delivered at Texas common points, since June 1, is estimated to have added more than \$6,000,000 to the buying power of Texas grain producers.

Should the increase be maintained through the marketing season, it will mean the estimated Texas crop of around 35,000,000 bushels will bring the growers about that many dollars, the price at shipping now ranging from \$1.00 to \$1.05 per bushel.

Records show that number 1 hard milling wheat, basis delivered Texas common points, was bringing \$1.01 per bushel in June 1 while on Saturday, July 13, the same quality of wheat was quoted at \$1.31. Premiums for high protein showed a slightly higher gain, 14 per cent protein wheat being quoted June 1 at \$1.06 and on July 13 at \$1.35.

Wheat receipts at Port Worth broke all records again Saturday with railroad estimating 550 cars in the yards. Receipts for the week were 3,437 cars and for the seven days ending Saturday, July 13, which compared with 3,314 cars received in the first two weeks of July, 1928.

### MALT TONICS ARE ORDERED STOPPED BY PROHIBITION LEADER

MILWAUKEE, July 13.—(AP)—James M. Dorian, U. S. prohibition commissioner, has ordered Milwaukee brewers to discontinue at once the manufacture of "12 per cent" malt tonics. Brewers spoke of the order today as the most severe blow to the industry since passage of the 18th amendment.

The order, delivered through E. C. Yellowley, prohibition enforcement chief at Chicago, stated that effective immediately malt tonics must contain a minimum of 18 per cent solids derived from malt, and not more than two per cent alcohol by volume.

Should the order force the abandonment of manufacture of the malt tonic, it was estimated Milwaukee would lose a industry earning more than \$2,000,000 annually. The brewers, although protesting against the order, announced no plan of fighting it.

### Rosenberg Building To Be Remodeled

J. E. Metcalf and Son have started remodeling and rebuilding the Rosenberg Hotel. The building will be rebuilt and made into a modern apartment house at a cost of \$15,000 or more. It will be two stories and will be occupied by the Ben Rosenberg and Son Hardware company.

Mr. and Mrs. A. M. Hendricks will leave Sunday morning for an extended trip through New Mexico, visiting relatives.

Spells of BACKACHE  
"I HAVE used Cardui at intervals for sixteen years, when I suffered from weakness, and it always helped me," says Mrs. J. W. Jimright, R. F. D. 2, Troy, Ala.

"Mostly I was afflicted with bad spells of backache. At times I felt as if my back would break. I would drag one foot after the other, in a helpless sort of a way, and once I got down in bed. My husband urged me to take Cardui, and I soon found what a fine medicine it really was. When my second child was little, I was in very bad health. I did not pick up as I should have. I was weak and sickly. I do not believe that I would have come through, but for Cardui."

Cardui HELPS WOMEN TO HEALTH  
Take Theodore's BLACK-DRUGHT for Constipation, Indigestion and Bilemness.

Eggs! Eggs! Eggs!  
For stamped fresh infertile eggs we will guarantee twenty-three cents delivered for June, July, August and September. They must be gathered each day, kept in cool place and sold at least once each week. If want to contract eggs advise. If any poultry better sell your surplus hens at once.

### A. B. Walker & Son

It is the most speedy remedy known.

## Amarillo Youth Claimant Title Texas Grain King

AMARILLO, July 13.—(AP)—A 21-year-old youth, E. M. Carter, Jr., of Plainview, has more than a fair chance of being crowned wheat king of the Southwest this year, grain men of this section believe.

Carter, who was graduated from the University of Texas last year, is harvesting a 6,500-acre crop southwest of Amarillo, averaging more than 30 bushels to the acre, or an estimated total yield of 195,000 bushels.

After completing his course at the University, the youth's father, pioneer merchant of Plainview, offered to set him up in business. Young Carter then leased ten sections of ranchland from W. R. Piper of Dallas for eight years and spent last summer breaking the sod and preparing for his first crop.

### Wife Says Husband Slain After He Had Surrendered Arms

TECUMSEH, Okla., July 13.—(AP)—Declaration that her husband was shot down by Jeff B. Harris, member of a federal prohibition raiding party, after he had surrendered and thrown down his gun, made today by Mrs. James Harris, widow of the slain man, at the preliminary trial of Jeff Harris and three other members of the raiding squad.

Jeff Harris, W. W. Thomason, Tom Little and John D. Williams are charged with the murder of James Harris, killed July 4. Jeff Harris also is charged with the murder of Oscar Lowery, Mrs. James Harris' brother, fatally wounded in the same raid.

Federal and state officers were scattered throughout the dingy courthouse here as precaution against violence.

J. W. Hodge of Pleasant Grove was a business visitor in the city Saturday afternoon.

### "Pimples do not embarrass me now.... they are all gone"

WITH the last blemish gone, confidence returns. More friends—more invitations—more good times. With the joy and pride of possessing a clear skin, self-respect increases.

Everybody wants to be attractive. It is a just and natural ambition. But no one can be attractive without a clear skin.

Skilled physicians recognize the appearance of pimples, boils, eczema and other skin eruptions as being an indication that the body's power of resistance is low.

The sure way to remedy this condition is to restore the red-blood-cells to normal.

This is why so many thousands have been enabled to free themselves of these unsightly blemishes and

## Three Autos Burn When Liquor Ignites

DALLAS, July 13.—(AP)—Confiscated liquor being destroyed near the county jail here today in turn destroyed three automobiles when it became ignited, presumably by a match thrown into the fluid after sewers became filled and some of the liquor had run along the curb. Two fire alarms were sounded before the blaze, which had leaped into a nearby building, was extinguished.

# RED TROOPS ARE ENTRAINING FOR BORDER DISTRICT

(Continued from Page 1)  
olive branch, saying that notwithstanding "violent and provocative actions of the Chinese authorities" Russia once more expresses its willingness to enter negotiations with China regarding all questions connected with the Chinese Eastern Railway.

**Must Release Prisoners.**  
The ultimatum then said such negotiations would be possible only in the event of immediate release of arrested citizens of the Soviet Republics and cancellation of "all illegal orders by the Chinese authorities."

The Soviet government responded: First, to call a conference immediately to regulate all questions connected with the Chinese Eastern Railway question.  
Second, that the Chinese authorities immediately should cancel all arbitrary orders regarding the Chinese Eastern.

All arrested citizens shall be released immediately and that Chinese authorities cease all persecution of Soviet citizens and Soviet institutions.  
The note suggested that the Mukden government and the Nationalist government at Nanking weigh the serious consequences which rejection of the proposals would have and declared it would wait three more days for an answer. It warned that if this answer was unsatisfactory the Soviet would be compelled to resort to other means.

The note suggested that the Mukden government and the Nationalist government at Nanking weigh the serious consequences which rejection of the proposals would have and declared it would wait three more days for an answer. It warned that if this answer was unsatisfactory the Soviet would be compelled to resort to other means.

At another point in the note the Russian government warned the Chinese authorities it possessed sufficient means to safeguard the lawful rights of the people of the U. S. R. against violent intransigence.

Meetings of protest and indignation at the happenings in Manchuria were held throughout the Soviet Republics, with the press flaming emotions with big displays to developments and accompany commenting editorials.

The executive organ of the central executive committee, displayed a cartoon of a scoffing Chinese military commander with a white Russian guard in the background, and featured resolutions of the workers at their various protest meetings.

**Demands Are Made.**  
The workers of the Soviet Union demand:  
"Immediate release of all Soviet citizens arrested."  
"Immediate withdrawal of Chinese troops from our frontier."  
"Immediate restoration of our workers' organizations."

"We don't want war but if attacked we will all tax one shoulder with a rifle in defense of our proletarian fatherland, etc."

The Soviet government reminds the Chinese authorities of the situation reminding the Chinese authorities of the situation reminding the Chinese authorities of the situation.

No paper hints as to the nature of the action contemplated in the event the Chinese do not reply in the days immediately following.

"In the face of Soviet public opinion we warn the Chinese provocateurs and brigands to cease playing with fire."

**Endangers Far East Peace**  
LONDON, July 15.—(AP)—Soviet Russia's ultimatum to China was regarded here as startlingly endangering the peace of the Far East, and was viewed with considerable anxiety although press comment was not general.

Two or three editorials violated the railway agreement. Possibility of Japan's becoming involved in the quarrel was regarded as menacing and the situation was predicted to be full of sinister possibilities.

**Nanking Issued Order**  
CHANGHAI, July 15.—(AP)—The Tangung, Nanking, issued a semi-official, in a Nanking dispatch today quoted Sun Fo, minister of railways, as saying the seizure of the Chinese Eastern railway was "taken on authority issued by Nanking."

The railways ministry is now preparing to take over the disputed railroad and reorganize its administration," he said.

**Demonstration Reported.**  
TOKYO, July 15.—(AP)—Harbin dispatches to the Japanese News Agency Rengo state reports have been received of a demonstration in Vladivostok against the Chinese consulate there.

**Canopy Is Placed**  
OVER PART OF NAT POOL ON MONDAY

Coriscana and visiting swimmers at the Natatorium will be placed under a canopy over the west part of the pool and that swimmers may disport themselves in the shade of this large canopy covering free from the blustering rays of the sun.

Poles and wires have been set for some time for this progressive step on the part of the Natatorium management, but various incidents and accidents have delayed Manager George Murdock in getting the big canopy in place, but Monday it was placed and is ready for the swimmer and bather who is not seeking too much heat from the sun.

This improvement is in line with the progressive management of the Nat.

**House Correction**  
Building Burned  
In Boston Monday

BOSTON, July 15.—(AP)—Fire threatened to destroy the five-story administration building of the Suffolk county house of correction at Boston Monday afternoon. Sixty inmates employed in the building were led to safety. Other buildings housing hundreds of inmates were believed to be far enough from the fire to prevent a conflagration.

Grady Dyer, who lives in Jester community, visited in Corsicana a few hours Saturday afternoon.

**ON STATION ROBBED**  
NEW YORK, July 15.—(AP)—Three young bandits, wearing masks, today held up and robbed the Gulf Refining oil station here of \$1,500.

## GROESBECK POST AMERICAN LEGION PLANS BIG EVENT

### TEN VISITING POSTS WILL AID IN CELEBRATION "DOUGH- BOY DAY"

GROESBECK, July 11.—(SP)—Ten American Legion posts have already entered their "doughboy" for the Doughboy Day pageant to be held on July 26 at Groesbeck City Park, and the drum and bugle corps of Waco, Austin and Temple will take part in the day's events. Twenty-five or more posts are expected to enter, those already listed including Waco, Temple, West, Mart, Bryan,

Cameron, Hoar, Hillsboro, Austin, Mexia and Georgetown. Miss Lois Johns, Georgetown's entry, is the sixteen-year-old sister of George Johns, killed in action with the 132nd machine gun battalion. Costumes and scenery for the pageant are now being prepared, under the direction of Emile A. Robin, late of Paris, France, who handled the gorgeous pageants last year at the Cotton Palace and the San Antonio Battle of Flowers. Groesbeck Girls Appear Groesbeck girls will appear in costumes representing the soldier's sweetheart of each of the American wars, from the old French and Indians wars down through the Revolutionary days of 1776, the Texas revolution, the war between the states and the Spanish war, to the present date. Girls from the other posts will be dressed as sweethearts of the war of 1776. The background will be a camp of the Continental army, with tents

for each of the thirteen states, and the girl from each legion post will represent one of these states. As she appears from the door of her tent, the flag of the state will be run up above her, the spotlight turned upon her, and a drum and bugle escort in Continental uniform will accompany her down the stage before the audience. The girl who is picked as the winner will be carried upon the stage in a huge valentine, from which she will break her way like a butterfly from its shell, revealing the winner's identity. The Olivette Pinto dancing girls will take part in the pageant with a spectacular feature. Drum Corps Contest The drum and bugle contest will include a special challenge event between the Waco and the Temple corps. These two organizations won first places at the Lampasas state-wide drum and bugle corps contests; Waco in the more than a year class, and Temple in the less than one year class. Carnival stunts will be in full

swing at the Groesbeck city park throughout the day. Two thousand balloons will be given away to children. There will be airplane events, one of which will be the dropping of chickens from airplanes into the park, with a ticket for a free airplane ride tied to each bird. After the pageant there will be a winner dance and cabaret in the city park pavilion, where the doughboy sweethearts will be guests of honor.

## POWELL

POWELL, July 11.—(SP)—Miss Marie Killingsworth of Dallas is a guest in the home of her uncle, R. L. Killingsworth. Mrs. Lively motored to Tohuacana Tuesday, spend the day with relatives. # Concentrate Your Advertising

Your advertising program is just as important as your buying or selling of any commodity.

There are four fundamentals in business life that must be carried out consistently, persistently and aggressively before success is assured.

These fundamentals are:

First -- Intelligent creation of quality products or commodities.

Second -- Intelligent buying of such products or commodities for the markets.

Third -- Intelligent and judicious advertising of such products and commodities to the public.

Fourth -- Intelligent, aggressive and courteous sale of such products and commodities to the ultimate consumer.

The business man of today knows that to sell his products or talents he must take the public into his confidence through advertising.

He has respect and confidence in his newspaper as being the most valuable and recognized advertising medium of public contact known today.

He knows after careful investigation and experience that his newspaper not only covers his advertising wants better, quicker and more judiciously than other sources of public contact, but that he also saves much money in his advertising appropriations from year to year in concentrating his advertising in such worth-while advertising mediums.

The successful business man who values his advertising dollars as they should be valued is cutting out all would-be substitutes and fly-by-night expensive schemes sold under the guise of advertising.

He is concentrating his advertising to the legitimate and judicious advertising mediums which cover the field thoroughly, with a prestige and patronage of an eager reading public that for their newspaper.

The newspaper is the central service station between the seller and buyer--it is the best and most direct public contact medium that is always at the command of the people.

Printed matter--no matter in what form--has no value nor public contact until it gets distribution. Until it gets distribution it is worthless and expensive.

The business man of today wants to know where his hard earned advertising dollar is going. He wants to know all about the quantity and quality of his readers and the field that is covered, and how and when such distribution is given. He wants to know the cost of such coverage.

He knows that by giving his message at a moment's notice to an eager public through his newspapers that there is no use of going to additional expense in duplication of an inferior partial coverage by outside expensive sources.

....it's the  
constant pressure  
of **REPEATED**  
**ADVERTISEMENTS**

that pushes the  
consumer over into  
your buying field  
and adds efficiency  
to your advertising  
dollar .....

## You can depend upon advertised products
